v.17, 1938

CONTENTS

VOL. XVII, 1937-38.

	Page
Fourteenth Annual Dinner	2
Practical Research in Production Engineering by Dr. Geo. Schlesinger	18
The Later Stages of Apprentice Training, by E. L. Forge, B.Sc., A.M.I.P.E.	65
Pressure Die Casting, by Hans Lawetzky	85
Meeting of the Council, December, 1937	109
Diamonds in Industry, by A. H. Shaw	110
The Graduate's Place in Industry, by R. H. Youngash, M.I.P.E.	125
Maintenance of Machine Tools, by J. W. Mallett, M.I.P.E., A.M.I.Mech.E.	148
Functions of a Planning Department, by B. C. Jenkins, M.I.P.E.	187
Works Practice in Great Britain Compared with Other Countries, by W. A. Melhuish, M.I.P.E.	222
The Application of Electric Furnaces in the Automobile Industry, by A. G. Robiette, B.Sc.	249
Inaugural Meeting, Cornish Section	262
Gear Manufacture: with special reference to finishing, by W. J. Anstey, A.M.I.P.E.	263
Tool Room Practice, by R. H. Youngash, M.I.P.E.	288
Specialised Production—Diesel Engine Manufacture, by T. P. N. Burness	308
The Seventh International Management Congress, address by N. Baliol Scott	328
Manufacturing Methods for Plastic Materials, by L. G. Chaffey ...	331
The Scope and Possibilities of Plastic Materials, by George Dring, M.A., B.Sc., F.I.C.	358
Modern Plastic—Manufacture and Uses	393
The Law Relating to Factories, by G. Stevenson Taylor, O.B.E., M.I.Mech.E., H.M. Deputy-Chief Inspector of Factories ...	419
Viscount Nuffield, President, with members of the Institution facing	497
Institution Visit to Morris Motors, Cowley	497
Works Management in a Small Factory, by T. G. Rose, M.I.P.E., M.I.Mech.E., F.I.I.A	498

Page

The Modern Tool Room and its Relation to Production, by W. Wilcock, M.I.P.E. 547

Press Tools, by R. Kirchner, A.M.I.P.E., A.M.I.A.E. 555

The Finishing of Metal Surfaces, by Joseph W. Pringle 614

Annual Report and Accounts for 1937-38 617

Inaugural Meeting, Sydney (N.S.W.) Section 627

The Production Engineer and his Work, by J. M. Steer, Grad. I.P.E. 631

The Operator—His Relation to the Machine, by I. H. Wright, M.I.P.E., M.I.Mech.E. 650

Drop Forging, by J. D. Latta 663

Portrait of The Late Sir Walter Kent, C.B.E., President, 1933-35, and Obituary Notice 677

The Principles of Organisation, with special reference to Production, by L. Urwick, O.B.E., M.C., M.A. 679

Fabricated Machine Construction, by S. M. Reisser, B.Sc., A.M.Inst.C.E. 716

The Salt Bath Treatment of Metals, by W. Nelson and F. D. Waterfall 771

The Planning and Progressing of Work through the Shop by S. E. Barratt, A.M.I.P.E. 779

Report of the Seventh International Management Congress, by U. Baliol Scott 799

Hardness Testing, by J. Woolman 804

The Institution of Production Engineers Press.

The Right Hon. VISCOUNT NUFFIELD, O.B.E., M.A., D.C.L.

President, 1937-38.

(From a painting by Philip de Laszlo.)
